Assure Medispa: the specialists

Meet our staff - Julia

Julia has just joined us as a Medical Aesthetician - in fact, Julia is so new, I haven't yet added her to our website.

Julia, a grandmother of four, will be a great asset to Assure Medispa. She undertook her initial training nearly thirty years ago so comes to us with a wealth of experience. Julia's special interest is in make-up for the mature woman and camouflage make-up; she works with people who have scarring, coloured birth marks, tattoos - in fact any blemish of any kind that you might want to hide.

Julia will be working with us on Tuesdays. Additionally, she lectures at the International School of Beauty Therapy in Cottesloe and works with SolarisCare (integrated care for cancer) at St John of God Hospital and Sir Charles Gairdner Hospital. Julia also runs her own business specialising in camouflage make-up.

In her spare time, Julia, who is a great gardener, loves to spend time with her grandchildren.

If you or any of your friends would like to make an appointment with Julia, please call us on 9380 0380 or email specialists@assuremedispa.com.au.

Jess' story

I have written about Jess before so you may remember that Jess is a young mum who came to us with concerns about the stretch marks on her tummy. We recommended a series of 3 microneedling treatments with a 3.00mm dermaroller.

Jess wrote a blog which you can read here, and which states " My overall opinion on skin needling for stretch marks and scars is that is a very effective treatment with very little pain and discomfort ..." She goes on to comment that the results aren't instant, but they're worth the wait.

A series of 3 treatments with a 3.0mm dermaroller costs $1,912.50 which is a 15% discount on the single treatment price of $750. This price includes application of a topical aneasthetic (numbing cream) prior to treatment and all treatments are performed by Lyn, a Registered Nurse.

For some before and after photos of Jess, click here. To learn more about how microneedling might help you, or to book your free consultation, ring us on 9380 0380.

Winter Promotion - 25% off all light-based treatment series*

Last month I told you about our winter promotion during June and July, we are offering 25% off* all light-based treatments booked and paid for as a series. This includes rejuvenation, permanent hair reduction, photonlite (LED) and Titan™ treatments.

Winter is a great time to consider a rejuvenation treatment as we have less exposure to the sun in the winter than we do in the summer. You can have a rejuvenation treatment not only on your face, but also decolletage, back, neck, hands - anywhere that is sun damaged and hyperpigmented with age and sun spots. Generally, a series of three treatments is required to get the best results.

Common areas treated for permanent hair reduction include upper lip & chin, armpits, bikini line, brazilian for ladies; and back, shoulders and full beard for men. Any area of the body where you want permanent hair reduction can be treated - although the treatment doesn't usually work on grey or blonde hair. Generally, a series of six treatments is required to get the best results.

Photonlite is recommended to treat active acne, to promote healing and in the reduction of fresh, pink stretch marks. the number of recommended treatments depends on the condition being treated.

Titan™ skin tightening is generally done on face, neck and jowls; and tummy and underarms can also be treated on suitable clients. Generally, a series of two treatments is recommended.

In all cases, you can book a free consultation to discuss your treatment options. You can read more about our winter promotion here.

To book your appointment, email specialists@assuremedispa.com.au or call 9380 0380.

**conditions apply - may not be used in combination with any other promotion or discount*

June's Facebook winner

Our June winner is Kathryn O'Neill. Kathryn has won a complete New York Facial simply by "liking" Assure Medispa on Facebook.

New York Facials are wonderful - a combination of pamper and action. They consist of a microdermabrasion, a chemical peel and a masque - then you get to lie quietly under our photonlite for 20 minutes soaking up the goodness. Your skin will feel smooth and soft, and will absorb your home care products more effectively. New York Facials cost $250 and take 1 hour and 15 minutes.

You too can be in the draw by following the link from our website. And you don't have to be a existing client to qualify. Everyone is eligible to be in our monthly draw!

A New York Facial is a combination treatment - peel, microdermabrasion, masque and photonlite - designed especially to suit your own individual skin type.

and if it's your Birthday in July...

Assure Medispa has a standing birthday offer - all our clients are entitled to $50 off any of our treatments - the full range including any of our new treatments. Come in anytime up until the end of June to use this special offer. It's a great chance to give yourself a birthday treat!

To book your appointment, email specialists@assuremedispa.com.au or call 9380 0380.

Any questions

Or do you want to know more? You can email Jane at specialists@assuremedispa.com.au or call anytime on 9380 0380.

Assure Medispa differs from a standard spa in that it is owned and operated by plastic surgeons.

We offer non-surgical, non-invasive treatments including IPL (light) treatments, skin tightening, wrinkle relaxers, soft tissue fillers, facial peels and medical skin needling, microdermabrasion and pre- and post-operative care programmes of the type that can only be provided under medical supervision.

Typically, our clients are people who are interested in their appearance, who want healthy skin and who may not be ready for surgery or for whom surgery may not be appropriate.

Through the Western Australian Plastic Surgery Centre, our clients have access to a range of surgical procedures to enhance the results of their treatments.

We are conveniently located in Subiaco and have private access and parking facilities.

Wrinkle Relaxers | Dermal Fillers | Pulsed Light Treatment (IPL) | Titan Skin Tightening | Chemical Peels | Medi-Facials | Medical Skin Needling
Microdermabrasion | Medical Grade Skincare | Photonlite Therapy | Glo Minerals™ Make-up | Beau Visage™ Skin Assessment
