A wee bit more on Titan...

Last month, I introduced our Titan skin tightening technology. Well, we've had quite a few clients commence their Titan treatments and the results are amazing! Much as we believed everything we read and researched about Titan (after all, that's why we bought it!), there's nothing like seeing for ourselves just what Titan can do. it really is a great technology! Come in anytime to see photos of clients we have treated.

Click here to read more about Titan as included in the last newsletter.

And if its your birthday in May...

You are entitled to $50 off any of our treatments - the full range including our new Sparkle package! Come in anytime between now and the end of May to use this special offer. Its a great chance to give yourself a birthday treat!
