Assure Medispa: the specialists

Obagi

In May, I told you that Assure Medispa is proud to be one of the very first suppliers of Obagi® Skin Systems in Western Australia. This exciting new range of skincare was developed in the US. Because Obagi® Systems and Products contain physician-strength formulations, the systems are only available through physicians, primarily plastic surgeons, medical clinics and other skin care and medical specialists

Obagi® systems offer a course of treatments for all skin types and all skin conditions - if you know someone who has a persistent skin condition - including conditions such as melasma and active acne - and feels "nothing can be done", then it might be worthwhile letting them know about Assure Medispa and Obagi®.

Come and have a chat - its free! Call us on 9380 0380 or email specialists@assuremedispa.com.au to set up a time.

For the month of August only, all clients who purchase an Obagi Nu-Derm system will receive a free travel pack to the value of $118.

Assure Medispa differs from a standard spa in that it is owned and operated by plastic surgeons.

We offer non-surgical, non-invasive treatments including IPL (light) treatments, skin tightening, wrinkle relaxers, soft tissue fillers, facial peels and medical skin needling, microdermabrasion and pre- and post-operative care programmes of the type that can only be provided under medical supervision.

Typically, our clients are people who are interested in their appearance, who want healthy skin and who may not be ready for surgery or for whom surgery may not be appropriate.

Through the Western Australian Plastic Surgery Centre, our clients have access to a range of surgical procedures to enhance the results of their treatments.

We are conveniently located in Subiaco and have private access and parking facilities.
