Assure Medispa: the specialists

Medical Skin Needling (collagen induction therapy) for pitted acne scarring

Last month, one of our medical skin needling clients kept a little diary of her first treatment for pitted acne scarring. Sally was very pleased with her treatment, and has said she is happy to have her diary published so, if you want to read about Sally's experience, you can link her Blog either from our Facebook page or directly from our website.

If you'd like to know more about medical skin needling for pitted acne scarring, or for other skin conditions like stretch marks, or perhaps just for anti-ageing please email specialists@assuremedispa.com.au or give us a ring on 9380 0380.
