Assure Medispa differs from a standard spa in that it is owned and operated by plastic surgeons.

We offer non-surgical, non-invasive treatments including IPL (light) treatments, skin tightening, wrinkle relaxers, soft tissue fillers, facial peels and medical skin needling, microdermabrasion and pre- and post-operative care programmes of the type that can only be provided under medical supervision.

Typically, our clients are people who are interested in their appearance, who want healthy skin and who may not be ready for surgery or for whom surgery may not be appropriate.

Through the Western Australian Plastic Surgery Centre, our clients have access to a range of surgical procedures to enhance the results of their treatments.

We are conveniently located in Subiaco and have private access and parking facilities.
